## HOW TO READ YOUR PERSONAL HOROSCOPE REPORT

This horoscope is your personal cosmic fingerprint. No other person will have exactly the same combination of influences, unless they were born in the same second and exactly the same place as you were. With 10 planets, 12 signs of the zodiac and 12 houses there are approximately 1500 simple combinations in the horoscope, and when you add to that the different degrees and combinations between planets there are tens of thousands of influences which have to be weighed and juggled in any astrological interpretation. No computer programme can do this satisfactorily, but we do our best.

## THE DIFFERENT SECTIONS

Reports from World of Wisdom are designed to simplify the interpretation process for you. It indicates for example the relative strengths of different planetary influences so you can see what is most important. Furthermore this written report is divided up into sections on Identity, Emotions, Mentality, Love and Sexuality to eliminate apparent contradictions which arise in the character description. But the reader must bear in mind that contradictions will arise. People are complex and contain many contradictory traits. Diametrically opposed character descriptions will either reflect inner dilemmas or outer conflicts reflected in the behaviour of others.

## PROFESSIONAL and PERSONAL PROFILE

The World of Wisdom birth report can cover your personal character, your professional life or a combination of both, depending on your choice of report. The professional section addresses the questions: "What talents do I have?" and "How can I use this ability?" The personal section is concerned with relationships and hidden psychological causes, and addresses the question: "How can I improve myself in this area?"

## PAST, PRESENT & FUTURE

Our reports can also integrate trends of the next year or two into the birth analysis, going beyond a static description of personal character and introducing a dynamic sense of what is happening for you here and now. The dynamic trends show the unfoldment of the horoscope through time. By analysing the current trends, it is therefore possible for you to gain insight into events just past, events happening at the present moment and trends into the future.

## THE AUTHOR

This report is designed and written by Adrian Ross Duncan, former editor of the Astrological Association Journal, who has worked as a full time astrologer since 1985. Adrian is author of "Doing Time on Planet Earth" (Element Books 1990) and "Astrology: Transformation and Empowerment" (Red Wheel/Weiser 2002). His astrology software Horoscope Interpreter, Astrology for Lovers, and The Astrological Calendar are available from [www.worldofwisdom.co.uk](http://www.worldofwisdom.co.uk)

It is our hope that the written report will give those who do not have the time to bury themselves in the study of astrology the opportunity of gaining insight into both their professional and personal life. If you wish to learn a little more about this report, you are encouraged to read the Introduction to Astrology at the end of the report, which describes the general influence of the 12 signs, the planets and the 12 houses

## Life Path

### Ascendant In Pisces

PROFESSIONAL - LIFE-PATH: Inner communion

You are sensitive and impressionable person, very aware of unhappiness and suffering in the world, which you often experience as a harsh and cruel place. You can find yourself sucked into many professional areas, but if you actively pursue your dreams, then you find success and satisfaction in creative areas. You have a tremendous imagination and a fine attunement to the subtle influences in the environment. This may give you a talent for music or art, or film or advertising. As you show great concern for other people, you may find yourself gravitating towards a caring profession. Preferring to be somewhat withdrawn from the world, you may be suited to either working in a private institution, or in some branch which offers you peace and isolation. Generally speaking you are an impractical person, mostly because you don not see why you should accept the so-called realities of life. Often this results in you feeling alone and misunderstood.

PERSONAL - LIFE-PATH: Inner communion

You are something of a dreamer, and some unfortunate or unhappy experiences in your childhood will have evoked escapist tendencies in you. Conversely you are endowed with an extremely fertile imagination, and you manifest considerable empathy towards both those who are close to you, and complete strangers. You emanate a sensitive and vulnerable impression, but at the same time you display an understanding and acceptance which other people find very reassuring. If you can overcome your inner sense of loneliness and tendency to martyrdom you can truly help other people. You never dominate, and you have an uncanny ability to totally tune in to the feelings of other people. In relationships you often force your partner to take care of practical details, and friction can arise because you appear to let things slide. More effort and organisation on your part could reduce tension here.

### Ascendant Trine Pluto

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - LIFE PATH: Aura of mystery

You are attracted to positions of power in which you can exert control over your environment and professional relations. You have the power to deal with unpleasant confrontations, and you can make difficult decisions under pressure. There may be a ruthless streak to your character, as you often imagine threats to your position. This means that you can exhaust your resources in battles for power.

PERSONAL - LIFE PATH: Aura of mystery

You have a magnetic personality and tend to exert a powerful influence on your environment. Secret efforts to feel secure in your personal relationships can be exhausting - both for you and for others. Though you have psychological talents and an ability to penetrate facades, you tend to allow an obsessive ideologies or opinions to poison your relationships. When you relinquish control you discover peace.

### Jupiter In Leo Retrograde

Because this planet was retrograde at your birth, you will have an instinctive knowledge of, and attraction to, the following traits and activities. You will tend to be introvert in these matters, and pursue your own individual path in strong contrast to the path chosen by others.

PROFESSIONAL - WISDOM: Have faith in yourself

The year of your birth brought powerful leadership issues to the fore, for good or ill. It was also a period when there was a strong focus on national entertainment, issues connected with children and education, the world of the elite, and matters of privilege. By tuning in to this influence you will discover the capacity to win respect and honour in a particular area of your life. With your winner mentality and burning faith in yourself, you simply attract success. Self-esteem is the key to achievement for you. By developing the capacity to visualise your future, and by consciously and vividly imagining the kind of circumstances you would like to experience, you can create the conditions for a prosperous future. Remember however that everyone is expendable - you tend to overdramatize your influence and effect, and to be unreceptive to the advice of others.

PERSONAL - WISDOM: Have faith in yourself

Making a favourable impression is very important for you, and you are good at it. When you channel this planetary influence you will radiate a natural confidence and charisma. You appreciate the luxuries of life and have a taste for quality items. You are a gambler by nature, and you believe in endless expansion. As you have a tendency to overestimate yourself it is important for you to cultivate the

capacity to quit while the going is good. You are also concerned about gaining insight into your identity, and this may incline you towards self-development, though you hate to subordinate yourself to anyone else in this process. You have strong personal convictions, and your identity is very tied up with them, making it difficult for you to show flexibility or admit mistakes. You can have considerable influence on the ideas of those who surround you.

### Jupiter In 6th House

**PROFESSIONAL - WISDOM:** Daily significance

You have good judgement and executive ability, and have the ability to create a well-functioning working environment. This is probably because you spread an atmosphere of tolerance and optimism about the future around you. Colleagues will appreciate your buoyant disposition and considerable insight at work, and you will be well-loved in a managerial position. Your ability to grasp the main issues suits you for a position in middle-management in which you delegate work. You can function independently but it is also important for you to feel that you are of service to, or in, a larger enterprise. Career developments will often take a fortunate turn and may bring travel or an international environment. You may have a talent for working with judicial matters - your superior judgement should at least be put to good use in one form or another.

**PERSONAL - WISDOM:** Daily significance

Other things being equal, you are a kind and helpful person, and you know how to get the best out of everyday life in a relationship. You are efficient when working but at the same time you know how to create time to relax and enjoy life. Where other people often get weighed down by daily tasks, you find enjoyment in them and even gain insight into larger issues through daily rituals. You are magnanimous in offering help and caring when you encounter people in need. You may have a special talent for health matters, and you are specifically good at harnessing the power of positive thinking to benefit the mind and body.

### Neptune In Virgo Retrograde

Because this planet was retrograde when you were born, you have a special personal lesson to learn in the matters described. Experiences will be evaluated more on an inner than outer level.

### Neptune In 6th House

**PROFESSIONAL - TRANSCENDENCE:** Everyday rituals

You have some very specific talents that can be useful in

your professional life. There may be a knowledge of chemicals, liquids, photography, the ocean or advertising. You like to be able to lose yourself in your work - either through being creative, through watching magical processes, or because you can be of help to humanity in some way. You are inspired by the idea of service and sacrifice for the benefit of others. Often you will find situations developing at work which are beyond your control. In the long run you will find that work which does not offer spiritual or creative perspectives will render your life meaningless. Periods of unemployment can actually be beneficial for you, even though you may feel helpless, because they help you meditate on what is really important for you, and how you can be most useful in your life. You need to be able to work alone or at least have a pure and peaceful working environment.

**PERSONAL - TRANSCENDENCE:** Everyday rituals

You are motivated by the spirit of service, but this may mean you do not know where to draw the line as regards work-sharing in partnerships. If you do not set a limit for what you do, you may end up being overloaded with work. You tend to have sloppy work methods, and you would benefit greatly from more efficient planning. Being inefficient is an unconscious tactic effectively preventing other people making demands on you. Being helpful is no help to anyone if you do not take your own needs into accounts. Health problems will often be mysterious or difficult to identify - your body obviously knows how to set limits when you fail to do so yourself. You may have certain talents for healing as a result of an intuitive ability to tune into the physical, mental and spiritual needs of other people.

## Identity

### Sun In Pisces

**PROFESSIONAL - IDENTITY:** Make your dreams tangible

You are a mixture of many personality traits, and it is difficult for both you and others to define who you are and what you represent. You may take life seriously, but you can be at a loss to find a true meaning in what you do. Professionally you can be skilled at many things, although you are rarely motivated by material ambitions. You are a sensitive person with a genuine love and concern for others. As an idealist and dreamer you refuse to accept the hard ways of the world and constantly choose to believe in the best in others. Times will come when you feel misunderstood, and disillusion can lead to major crises. It is up to you to avoid putting yourself in impossible situations, which inevitably

lead to disappointment. You have a talent for creative work, and you would also function well in a helping role. However you can succeed at anything you put your mind to, on the condition that it inspires you.

**PERSONAL - IDENTITY:** Make your dreams tangible

Many of the turning points in your life are of a spiritual nature in that you learn to discern a meaning behind events which makes sense of the seemingly meaningless nature of things. These experiences constantly enhance your sensitivity and personal insight. In this process of personal development it is essential for you to resolutely avoid any feeling of martyrdom, even though you more than most are aware of, and witness to, the tragedies of human existence. Partnerships function best when you avoid the two extremes of having unrealistic expectations of the partner, and going around feeling the odds are stacked against you. By avoiding negative states of mind as far as possible, you can attract good fortune to yourself, and give spiritual sustenance to others.

### Sun In 12th House

**PROFESSIONAL - IDENTITY:** Dissolution of ego

You have the capacity to take on many roles in your life, assuming the professional guise which is expected of you under any given situation. Whatever kind of success you have, you experience difficulty truly identifying with or believing in your role. It is not easy for you to take ambition and striving seriously because you are rarely inspired by the allure of power, prestige or material goals. You seek a sense of personal significance and meaning in your life, and personal glory does not give you this. You would experience greatest satisfaction in a role in which you can express your concern for others, or in a job which allows you the peace to commune with your own feelings - perhaps a creative job of some sort. You work best when you are undisturbed or can operate behind the scenes or removed from society in some way.

**PERSONAL - IDENTITY:** Dissolution of ego

You have the capacity to take on many roles in your life, assuming the professional guise which is expected of you under any given situation. The greater part of your life is spent in a search to find or define your identity. As a child you probably felt a sense of isolation, and in relation to your father you may have felt that he was remote, a dreamy figure who was difficult to get into contact with. Later in life you also personally feel a sense of remoteness and often find that the goals you pursue lead to disappointment or a sense of meaningless. This inner dissatisfaction motivates

you to go on an inner journey to understand the nature of yourself. You can find meaning when you withdraw from the world for a period of time - too much contact with others for too long can be confusing for you. You would benefit greatly from meditation, because a spiritual practice or creative work enables you to reach the core of your being. When you are there you discover your place in the cosmos, and the cosmos's place in you. For you to truly find yourself, you must lose yourself. You can discover the interdependency of humanity and the universe.

### Sun Trine Moon

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

**PROFESSIONAL - IDENTITY:** Conscious/Unconscious

As these two planets represent the basic building blocks of character, your success will very much depend on the nature of the aspect between the Sun and Moon, and other planetary influences. The main issue is your ability to assert yourself without unconsciously distorting the reactions you receive from others. Harmonious contacts between the Sun and Moon indicate a talent for nurturing and strengthening others through the capacity to understand them, as well as giving a wealth of creative talents in many areas. Disharmonious aspects give a tendency to misinterpret or distort the reactions of people who have influence in the world. Emotional conflict with people in authority can undermine progress in business life, and this will be connected with some immaturity on your part. Often the problem will lie in environmental instability in which your domestic situation is at odds with professional visions. At the conjunction - or the New Moon - there will be a strong self-sufficiency and a strongly integrated character, but it may be difficult for you to get an objective picture of yourself. This would be a definite disadvantage if you have to deal with others on an emotional level.

As you mature you gain greater insight into the role the unconscious plays in human behaviour, and in some cases this can lead to work of a caring nature relating to the emotional make-up of others.

**PERSONAL - IDENTITY:** Conscious/Unconscious

As the Moon waxes and wanes, it goes through different phases showing its relationship to the Sun. Each phase has a specific effect on personal character. At the New Moon - or conjunction - there is a strong self-awareness, but some

frustration as regards getting on in life. Past bonds have a strong hold on the personal nature and will often stand in the way of progress. In relationships the conjunction can make it difficult to gauge one's effect on the partner, and although there is a strong sensitivity, it is felt very subjectively. Often the bond to the parents is rather unique with this aspect, and the family life is characterised by an insular self-sufficiency. The father may exhibit a strong emotional or caring nature, and the mother may well have strong independent characteristics.

The full moon - or opposition - on the other hand gives almost too much objectivity, and emotional interactions in relationships are quite dominant. There is a tendency to project behaviour and attitudes on the partner, which in reality belong to oneself. This may be due to an upbringing in which there was a strong contrast between the parents. If so, you will have identified strongly with one parent to the detriment of the other.

The half moon - or square aspect - also bring conflict between the identity and emotional needs. As you mature it becomes essential to control inappropriate emotional reactions which relate back to frustration regarding your interpretation of parental conflict.

When the Sun and Moon have a harmonious relationship to each other, through the trine or sextile aspect, there is much greater ease in expressing feelings and ascertaining one's effect on others. Whatever the aspect, you will have a very strong emotional nature, and feel an enormous pull from the past. You will have well-developed instincts and a talents for delving in to the dark realms of the unconscious. Generally speaking with all aspects between the Sun and the Moon it pays to exert the influence of the will on your emotions, so that you gain greater consciousness of the deep-seated emotional programmes which still unconsciously affect your behaviour.

## Sun Conjunction Mercury

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - IDENTITY: Subjectivity

As Mercury is never more than 28 degrees from the Sun, the only aspect possible between them is the conjunction - the closer they are together, the stronger this aspect will be. There is a great mental talent and a restless desire to learn more and gain experience. You would thrive in a job which

gave you the opportunity to be on the move and meet people, as communication is definitely one of your strong points. You hate to be stuck in any job, and you need constant mental stimulation. This can of course lead to a number of radical job changes. Alternatively you can satisfy your need for stimulation by going on courses or undertaking study projects. You have good teaching abilities and would prosper in any position in which you had to get a message across. Your strong points are your versatility, curiosity and a youthful enthusiasm. Your weaknesses are connected with restlessness and lack of concentration - and a tendency to be very subjective in your evaluations. You are overconcerned with making an impression and like to have the last word. You hate being wrong, and have difficulty admitting it when you are.

PERSONAL - IDENTITY: Subjectivity

Intelligence and communication are important issues for you in your personal relationships. You identify strongly with what you say, and it can be a blow to your personal pride if you are ignored or misunderstood. As a result you tend to be forceful in your opinions and at times unreceptive to what other people say and think. You are overly subjective, and you can spend a great deal of time running an inner dialogue in which you talk to yourself. By nature you exude a youthful spirit and a certain naiveté, or immaturity. People might call you flighty - even a Peter Pan figure. Unless other influences in the horoscope contradict this, you may lack staying power and skip from one relationship to another. You need the stimulation of travel and contact with interesting people to keep you occupied and burn off all your surplus energy. Your father may have been an intelligent or talkative person, with a nervous or skittish nature. You will judge the relationship you had with him through your ability to understand him and establish mental contact, and subsequently you judge yourself through your ability to establish mental contact with others.

## Sun Conjunction Mars

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - IDENTITY: Competition

You are an extremely dynamic person with an excellent sense of when to grasp opportunities. You thrive on competition and love a good fight. You are no diplomat, but in situations which require courage and decision, you are

the right person. Women with this aspect may early in life experience many conflicts with dominating or aggressive men, but ultimately these problems are solved by learning to be more self-assertive in a confident manner. You are suited to a job which provides you with a challenge. You have a pioneering spirit and are willing to take on the necessary confrontations to get ahead. You get bored easily, and when you get bored, you can get into trouble. When you encounter an obstacle you tend to bang your head against it until it gives way. It would pay for you to plan more before you act, and strive to be less impulsive. If you find yourself getting into unnecessary conflicts, try to cultivate a spirit of compromise. Winning is a little too important for your ego.

#### PERSONAL - IDENTITY: Competition

You are the kind of person who likes action, excitement and adventure. Being easily bored you tend to be rather provocative. Women with this aspect may have had a young or immature father, and in the more extreme cases there may even have been physical violence in childhood. Alternatively the woman with this aspect will have had a "buddy" relationship to the father and become involved with masculine pursuits. Later in life there will be a tendency to be attracted to a very masculine type of man. It may be important for the woman to really respect and look up to the man - but there is often an attraction to rather immature males, who never quite got out of adolescence. Subsequently the man may have great difficulty living up to masculine archetypes which basically exist within the woman's character, and this will lead to conflicts or battles of power, until the woman accepts a more personally assertive role.

Men with this aspect are very concerned about their masculinity and take pride in their ability to compete in the world. Sexual performance and the ability to take on a classic male role in relation to a woman are essential elements in the character. This Tarzan syndrome has its drawbacks. Problems can arise because of lack of sensitivity to the emotional needs of the woman. The man's over-identification with the male role can be perceived as faintly comical by the woman who would probably set greater store by demonstrations of tenderness and affection. The woman tends to be the prize which the man wins and later guards and protects.

#### Sun Opposition Neptune

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. There will be great difficulty in integrating these two planetary influences,

and the promised harmonious results will only arise after you have expended time and effort.

**PROFESSIONAL - IDENTITY: Find meaning in spirituality**  
On a professional level almost anything is possible for you - as long as you feel that what you do is meaningful. Whatever field you choose, your success will not satisfy you unless you work creatively or have altruistic goals. True satisfaction comes when you transcend material goals and personal ambition. You have high, and perhaps unattainable expectations of yourself...and often of others. You have an intuitive insight into others, and a natural creative talent, but you seem to have an unconscious drive to set up situations which guarantee disappointment or failure. You function best when there is an overall ideal that goes beyond your personal needs. There is a talent for working with visions and dreams, and areas of social concern.

**PERSONAL - IDENTITY: Find meaning in spirituality**  
You are a sensitive and impressionable person with a strong need to be able to define who you are. You often feel that your grasp on reality is not tangible. If life becomes boring or monotonous, this can strike at the very core of your identity. Women with this aspect put their men on a pedestal from which they rapidly fall. In your longing to find an ideal that does not dissolve like a mirage in front of you, you will constantly refine your nature. Your longing and dissatisfaction is the engine of spiritual change in your life. You find yourself by going within yourself. Meaning in life comes when you seek to attain idealistic goals and develop a collective vision which benefits others. You would definitely benefit from meditative practice.

#### Jupiter transiting Conjunction Sun

04-02-2010 -> 28-02-2010

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

**PROFESSIONAL - IDENTITY: Creating your future**  
During this phase of rising self-confidence you can expect your plans for expansion to take off. You should be thinking positively about the future now, visualising how you would like things to be as vividly as possible. Your power to get what you want is at its highest, so start expounding your visions of a bright future. Remember: you get what you focus on, so focus on what you want.

It is favourable to expand into foreign countries; higher education, public relations and insight-enhancing projects will also bring success. Whatever you do, it is essential that

it has depth and meaning for you. Don't waste important time on trivial matters - success is about the quality of life and making an impact with the essence of your own identity. If necessary take time off from work to build up a new vision for your future. If you have any legal problems, you will be confronted with them now so ensure that you are morally unassailable. And don't over-estimate yourself and your capacities. Make sure your plans are within the boundaries of reality.

#### PERSONAL - IDENTITY: Creating your future

During this phase of your life you will be given the opportunity to find a new sense of meaning in your existence. Bubbling up from within, you have the chance to release a new energy and enthusiasm based on a sense of your personal relevance to this planet. Travel abroad and contact with people you respect for their intellectual and spiritual capacities will now expand your world-view. Knowledge and understanding will enable you to build up a broader moral base with greater insight and tolerance.

This is a very favourable time for religious growth if you are so inclined, or philosophical and intellectual insight. In many ways the world opens to you and reveals its gifts and blessings for you to enjoy. Take care as you sample the pleasures of this cornucopia and don't overestimate yourself - personal hubris will be punished and you may find yourself coming down to Earth with a bump.

## Emotions

### Moon In Scorpio

#### PROFESSIONAL - EMOTIONS: Give emotional strength

You are a person with intense emotions, likes and dislikes. On a professional level, you give yourself heart and soul, and you have a special talent for tuning in to the emotional wavelength of others. It is difficult to keep a secret from you. You have the power to influence other people through your emotions. At its most negative level, this manifests as a tendency to manipulate others by creating an icy emotional atmosphere until they do what is necessary for you to feel more secure. It is a relief for all parties when you give up this exhausting habit which can negatively affect both professional and private relationships. You have very accurate intuitions about other people, and can be very forthright in expressing your feelings.

#### PERSONAL - EMOTIONS: Give emotional strength

Deep inside you are very vulnerable, but few people are admitted to the inner chamber where your emotions dwell.

You are driven unconsciously to fiercely protect the things which are dear to you, and any hint of insecurity in this area evokes strong defensive emotions, jealousy and anxiety. Trust is an essential ingredient in emotional relationships, and it is only when you feel completely secure, that you can finally commit yourself in this area. When this happens, you consider that the bonds that are created are made for life. In the process of maturing you will learn a more relaxed attitude to relationships. This will only come after a deep sense of loss, which leads you to transform your emotional values in the sense that you learn not to invest all your emotional security in another person.

### Moon In 8th House

#### PROFESSIONAL - EMOTIONS: Emotional purging

One of your greatest talents is your ability to tune in to the deepest emotional signals in other people. You have the capacity to help other people in emotional need, and you would make an effective counsellor on a psychological level. If you learn to face your inner emotional fears, you can guide others through theirs. You may also have interest in, and talent for, occult matters. However in the early part of your life you may feel too insecure to use these talents. Some people with this influence settle for a job which promises them total security right up to the age of retirement. This type of person is very good at advising others about how to administrate their resources, or in connection with insurance and related fields. At some point there will be a strong desire to cast off dependency and embark on a demanding personal journey in which material anxiety no longer plays a dominating role.

#### PERSONAL - EMOTIONS: Emotional purging

You have a deep, deep, emotional nature. Early childhood experiences - in which the fear of death or destruction played a role - undermine your ability to find emotional calm. A complex relationship to the mother - who may have had some acute but perhaps unspoken fears herself - has given you a deep but frustrated desire to belong, to feel secure. No matter how hard you strive for some kind of guarantee that you will be protected, you will never get one. Experience will teach you that you must not rely on other people to provide emotional security for you. A turning point will arise in your thirties in which you discover how much more rewarding it is to give than to demand. Anxiety has taught you to map out and understand the deepest and most hidden emotions. The resources you unearth in your own nature will be of great help to everyone you contact on an intimate level. Before this transformation relationships

can be rather painful because of fear of loss, jealousy or extreme emotional experiences. Later your relationships acquire depth and understanding.

### Moon Trine Mercury

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

**PROFESSIONAL - EMOTIONS:** Emotional awareness

You have great persuasive talents because you make an emotional investment in everything you say. At its best you can use these communicative talents to sway the feelings of the people around you - obviously a great asset when speaking to a public. You know how to tune in to the mood of the crowd and have an instinctive talent for saying the right thing. You need to be passionately engaged in your work, and function best in a role which gives you human contact. You work better with people than with things, but there is good business talent, especially as regards property. You are not an analytical type, and your judgements are easily swayed by your feelings. Thus you are easy to read, and will often stumble verbally, when you encounter conflict. You would find success in a career in which you utilised your talent for listening and speaking to people.

**PERSONAL - EMOTIONS:** Emotional awareness

You are a person who likes to communicate on an intimate level with those you are close to, though you have difficulty opening up to those you do not know well. Other people are comfortable entrusting their thoughts and feelings to you however. Your word and tone of voice are always tinged by your emotions, and this ensures you a good audience. Your emotions tend to swing a lot, and when you are feeling negative it can be very difficult for you to express yourself clearly. Under extreme emotional conditions you will be rather irrational. You have probably been profoundly emotionally affected by sibling relationships, and even now may have a powerful emotional bond to a brother or a sister. Your school years will also have had a great emotional impact on you, for better or worse. You are extremely sensitive to being criticised or misunderstood on a mental level. In many ways you are able to build a mental bridge between the conscious and unconscious mind, clarifying emotions through mental awareness.

### Moon Sextile Neptune

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

**PROFESSIONAL - EMOTIONS:** Develop intuitive sensitivity  
You are a supremely sensitive and impressionable person, and this will express itself as a moodiness and indefinable dissatisfaction. Yet you will almost certainly have creative and caring sides to your nature which can stand you in good stead professionally, as long as your job is not monotonous or meaningless. You have a capacity for being very sympathetic and understanding, and this may be a part of your work. You have spiritual talents - perhaps you can work with dreams or the unconscious in some way. You are powerfully influenced by your environment, and including the mood of the people around you. It is wise to choose environments free from pollution, spiritually, emotionally and physically.

**PERSONAL - EMOTIONS:** Develop intuitive sensitivity

The greatest challenge for you is to attain emotional satisfaction, and this is best done by understanding the nature of your childhood. It is essentially for you to avoid the tempting pleasure of indulging your emotions and sentimentality. You so easily fall into negative emotional states, and this can make life miserable for the people around you. Your emotional impressionability creates serious problems in partnership matters - you simply have difficulty distinguishing the boundaries between yourself and your loved one. You take on the moods of others or absorb negative vibrations from the environment. The older you get the more you realise that this is just a bad habit, based on early conditioning. Avoid jumping into emotional swamps! Having said this, you have a wonderful talent for tuning in to other people emotionally and understanding them in depth. You are a very sympathetic person.

### Jupiter transiting Square Moon

27-01-2009 -> 21-02-2009

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

**PROFESSIONAL - EMOTIONS:** Expanding your base

This influence depends very much on how large a role safety and security play in your professional life. If safety is paramount, you will be wanting to expand the foundations of

whatever represents security for you now. As this may well be property, you could wish to move into a larger home or business, and indeed it certainly pays to invest in land and buildings now. Providing that you can trust your instincts in these matters, then property acquisition or expansion is favoured.

For some people freedom and expansion of horizons will be more important than security. The urge to investigate foreign countries - their people and culture - can play an important role in your career now. Trust in your hunches - your intuitive powers are at their highest in this period, and you have the enthusiasm to take on any challenge. You may however find that your interests lie outside the professional sphere. This is a higher-charged period for you emotionally, so you will probably also want to expend your energies on domestic or family matters.

**PERSONAL - EMOTIONS:** Expanding your base

This is a period when your feelings and emotions exert a tremendous power in your life. Hopes and dreams about the future will be a driving force inspiring you to take action. Generally speaking you should have a degree of luck and good fortune in attaining your greatest dreams at this time. This is probably a natural consequence of the enthusiasm you invest in all matters. You can expect an expansion of your horizons and a deepening of your capacity to show feeling. You learn something of the mystery of life, and it gives a new meaning to your existence.

You can be strongly inspired by a future vision connected with domestic happiness, a home or children. There is, however, a tendency to go overboard. If you are hoping for the fulfilment of emotional dreams, so many opportunities can arise that you simply cannot make a choice. Furthermore your emotional suggestibility is at its highest - you believe what you want to believe. Whatever the concrete results - if any - of this period, you will come into deep contact with your emotional power and gain rewarding new insights.

## Mentality

### Mercury In Pisces

**PROFESSIONAL - MENTALITY:** Realise your visions

You are an extremely imaginative person and have a talent for creative work and thinking. Your ideas and opinions tend to coalesce from a variety of impressions and indefinable sensations. Actually you tend to make inner representations of your ideas on an inner film strip, and translate these pictures into words. Naturally this gives considerable

creative talent which is useful in many professional areas - for example the advertising industry, the world of graphics etc. On the other hand you may not be so expert at expressing yourself in a factual and coherent way. You are easily influenced by other people and their ideas, and need peace and quiet to function optimally. You are easily distracted and need to feel inspired, if you are to do good work.

**PERSONAL - MENTALITY:** Realise your visions

You are a visionary type, probably quite soft-spoken, and moved to communicate by your dreams and inner feelings. You have considerable fantasy, and if the real world becomes too boring (- it often does), you may daydream. Often you will feel misunderstood, but it is up to you to make the effort to clarify your ideas. Actually you hate to be pinned down, and you may be reluctant to express your dreams and ideas for fear that they will lose their allure in the cold light of day. Experience shows that when you try to initiate others into your dreams, they become sceptical. You prefer to keep your illusions. By combining your imaginative power with a practical talent, you will be able to make your dreams real.

### Mercury In 12th House

**PROFESSIONAL - MENTALITY:** Mental communion

You have some unusual mental abilities because you are able to harness your intuition and tune in to signals and ideas which other people are not sensitive to. You function best in situations where you can have a low profile mentally and operate behind the scenes with your ideas. You appreciate having the mental privacy to get on with your business without being disturbed. Being sensitive to mental pollution - the gossip, chattering or superficiality of others - you withdraw into the world of your own imagination. Here you can think up many ideas and projects which can bring professional success - particularly in connection with marketing, advertising or the media. You may also have artistic, creative or musical abilities.

**PERSONAL - MENTALITY:** Mental communion

The private world of your mind and your thoughts is very important for you. Perhaps as a child you were forced to retreat into your own fairytale world - at least now you can be quite happy with your own company. You are the type who keeps a private diary in which you commune with yourself. In partnership matters it is important that your loved one allows you to withdraw from time to time - but at the same time there will be a lot of misunderstandings - not to mention a growing isolation - if you do not take the trouble

to reveal a little of what goes on in your mind. You have a number of spiritual talents - your mental receptivity means that you can derive great benefits from walks alone in nature, and you may even be open to some form of spiritual communication. Poetry, music and art can also be wonderful areas of refuge to you.

## Mercury Conjunction Mars

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

### PROFESSIONAL - MENTALITY: Sharpness

You have an extremely acute mind, and can generally come to a decision far faster than the average person. You are quick to take action and enjoy the pleasure of outsmarting your competitors. You enjoy the thrill of mental combat. However you often cut corners, and your methods can be questionable. Your brusque manner can evoke considerable hostility in your place of work, so if you find yourself constantly getting into arguments or finding people irritating, you can be quite sure it has something to do with your behaviour. Perhaps you have a tendency to barge in or interrupt conversations, perhaps you speak in too harsh a manner or do not listen enough to others. It pays to plan more patiently, and think twice before you make your opinion known. You would function well in jobs which require tough negotiations or an aggressive verbal style. You have plenty of energy too, and like to travel and meet people. You are a go-getter.

### PERSONAL - MENTALITY: Sharpness

You get into too many arguments, and rarely consider the idea that you may be wrong. This truculent manner probably stems from conflicts in childhood with brothers, or perhaps your father. You worked out then that the best means of defence was offence. Yet troubles arise later in life because your frank and direct manner makes people feel that you are offensive. You don't always have to tell people what is on your mind. You hate to be bossed around or told what to do, so make an effort not to act in this way with others. Give them time to express themselves without interrupting, and resolve to stop criticism and arguments. Women with this aspect are often attracted to rather sharp men who may have questionable morals, or be rather argumentative types, although this is a projection mechanism based on inner conflicts. Men tend to retain adolescent qualities and act at times as if they know everything.

For both sexes it is important to slow down, otherwise the nervous system can be adversely affected. When you channel your enormous energy into creative, fun projects, you can achieve a great deal.

## Mercury Opposition Neptune

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

### PROFESSIONAL - MENTALITY: Clarify your thoughts

You have a very refined mental sensitivity which may be expressed through some form of imaginative and creative work. You possess a wonderful intuition, but formal learning and dry facts do not interest you. You can be quite a perfectionist and are very good at spotting mistakes and errors. In your dealings with others, you are very good at tuning in to their ideas, and you will go very far - perhaps too far - to avoid confrontation and argument. You tend to hope difficulties will disappear if you ignore them, and you have a tendency to create a smokescreen around issues. Thus you like to get your own way through being indirect and confusing the opposition. However if you do not make an effort to stick to ethical principles and honest representations, you may find yourself getting ensnared by the stories you create. You have a talent for creative communication - as a writer, in advertising or the media, or as a general part of your work.

### PERSONAL - MENTALITY: Clarify your thoughts

In intimate relationships you are very attuned to what your partner is thinking. You are a mind-reader, and as such you often feel you know what another person will say before it is said. Whilst this is often the case, problems can arise because of a tendency to adjust what you say to conform to the other person's supposed expectations, and to hide thoughts and ideas which you think will not be received well. If this habit goes on for too long, you may find that you start living in another world - isolated and misunderstood. Effort must be made to improve communication and to say what is really on your mind. You are oversensitive to environmental stimuli - particularly noise - and partners may feel you overreact or are over-critical in this area. However you do need to be in a peaceful environment to function well.

## Jupiter transiting Conjunction Mercury

03-02-2010 -> 27-02-2010

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

**PROFESSIONAL - MENTALITY:** Expanding contact

The effect of this influence depends very much on how you employ your mental talents in your profession. This is the time you should invest in your mental abilities. Knowledge is power, so it could pay for you to go on courses, meet people and expand your sphere of influence. You can expect an increase in the time you spend travelling now, so try to streamline this area of your life. You should be doing more to enlarge your network of contacts, so make sure you are available through telephone, fax or computer. You will talk more, travel more and write more.

If you have any dreams as regards writing or getting some message across to the public, now is the time to go for it, as there is a strong disposition for success in these matters. This is generally a great time for wheeling and dealing, doing business and capitalising on contacts at home and abroad. Nevertheless you can talk too much and be too intellectually pushy. Take time to listen to the opinions and advice of others - you can make misjudgements if you don't.

**PERSONAL - MENTALITY:** Expanding contact

This is a period of expanding intellectual curiosity which can be reflected in many areas of your life. You will probably devour books and TV programmes at this time to satisfy your urge to acquire knowledge. It will also be an important process for you now to weave all the threads of information that you gather into a whole piece of cloth, so that you can see a meaningful pattern in all the details that surround you.

This is a time to be on the move and to allow your mind to be fertilised by contact with a wide variety of people with different views on life. You should be bubbling with ideas, so you have to get them down on paper or out to a broader public. Although this is generally an optimistic period, there is a risk of losing your sense of proportion, particularly if you are inclined to worry or fantasy. Knowing the power of the mind to create the future, you would be well-advised to guide your thoughts into constructive channels.

## Values

### Venus In Aries

**PROFESSIONAL - VALUES:** Independence

Personal freedom and honour are far more important values for you than material acquisitions or high social status. You enjoy taking risks, and are stimulated by the excitement of

meeting new people. You do not allow yourself to be influenced by others in your judgement of people. Women with this position will be very independently-minded, very rarely allowing themselves to be put in a position where they can be pushed around by men. As a woman, you may scorn traditional concepts of femininity, and will actually enjoy fighting your way up in a competitive career, and as a man you will be attracted to a competitive woman.

**PERSONAL - VALUES:** Independence

Men with this position will be attracted to the independent female, enjoying the mutual freedom such a relationship gives; women like to see competition for their favours, and abhor dependence in a relationship. With this planetary position you will value honesty and directness - yet there is a romantic innocence which borders on naiveté. You are not the type to play your cards close to your chest, preferring a direct confrontation when sorting out misunderstandings. Both men and women have a tendency to form hasty attachments and regret at leisure. Both sexes appreciate a challenge and an element of excitement in a relationship. Dynamism and action are important ingredients in the balanced relationship.

### Venus In 1st House

**PROFESSIONAL - VALUES:** Create a harmonious environment

You have a soft approach to life, and your very presence is enough to spread an atmosphere of harmony around you. You are well-versed socially. Professionally this gives you the ability to work with people - especially in situations where personal charm is of the essence - and there may also be considerable aesthetic talent. Your appearance may well be one of your best assets, though your diplomatic talents and natural sense of justice can also bring professional advantages. Whatever you choose to do, you are guided by a strong sense of personal values and a need for economic security. Having a natural instinct for discerning worth, you have a talent for investment, buying and selling. In questions of taste you have a refined judgement.

**PERSONAL - VALUES:** Create a harmonious environment

Your personal appearance is important to you, and you will strive to balance inner harmony with an outer pleasing nature. Some people may feel that you are a little manipulative with your ability to smooth ruffled feathers and turn on the charm, but giving people pleasure is an important drive you possess. In turn it is essential for you to feel valued and liked by others. There will be many ups and

downs in your romantic life, as relationships are the litmus paper through which you measure your progress. You are keenly aware of what other people think of you, and your vanity is easily bruised. It is hard for you to take it when other people do not like you, and you often compensate by being over-sweet. To be happy you really need to develop the capacity to love yourself.

## Venus Trine Jupiter

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

### PROFESSIONAL - VALUES: Fortune

You have excellent aesthetic judgement, and strong personal values and convictions. You are suited to any profession which can make use of your ability to evaluate and compare - especially if this is connected to cultural or artistic projects. You also have a great ability to impress others with your charm and insight. You would be wasted in a job which did not allow you the opportunity to meet and influence people. You can deal with cultural issues or artistic objects, you can travel in your career, you have diplomatic talent, you have a great sense of style. Success often comes easily for you, and you may thrive in the company of women, and have their professional support. Normally you are lucky, and a great deal of money can flow through your hands. How fast it flows is another question altogether. Your warm personality and optimistic view of the future are your greatest assets.

### PERSONAL - VALUES: Fortune

You are an extremely loving and romantic person, and this brings both benefits and problems. Often you fall in love with love, and have difficulty settling into stable relationships because of your hunger for romance and emotional stimulation. You are however a great lover, and your attention makes your loved one blossom. There is a tendency to be attracted to a person who comes from a different culture or country - perhaps this is because of a need to widen your emotional horizons. There is a tendency to marry upwards in society. The most important value for you in a relationship is intellectual or cultural stimulation. You need to be able to respect your partner for his or her intelligence. A woman with this aspect has a great need for attention and appreciation, and particularly values the mental stimulation the partner can give. A man with this aspect has a great appetite for the opposite sex, and whilst

intelligence is important, there is often a taste for exotic or good-looking women. Faithfulness may not be a strong point, though sooner or later there will be a tendency to tighten up moral values regarding love.

## Venus Conjunction Uranus

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

### PROFESSIONAL - VALUES: Untraditional relationships

You need to work in an exciting environment where you are together with people who have untraditional ideas, or who come from unusual cultures or backgrounds. You function best when you meet a number of different people during the course of your working day - preferably interesting or unconventional types. You have a talent for working with the media - you may also function well in a job which brings travel to exotic places. As you have a strong interest in consciousness-raising groups you may get involved with political, spiritual or social movements. You function well in a team - but not in a conventional working environment where you meet the same people all the time. You need to feel as free as a bird. You have a talent for making friendships - you make an electric impression on others, but actually you are rather detached yourself.

### PERSONAL - VALUES: Untraditional relationships

The major characteristic of your love-life is your need for excitement and the unpredictable, coupled with a restlessness which you feel when relationships do not offer you the opportunity for personal development. You have a tendency to form relationships to people from foreign countries, different cultures or unusual environments - in other words with a person who can bring an element of the exotic into your life. Often you can find yourself in a situation, in which you choose not to actually live together with a partner. Preferring to keep your independence - especially as regards the freedom to have your own friends - you maintain the excitement of romance by periodic meetings where you can constantly have your need for excitement fulfilled. In extreme cases you experience "airport-love" - short but exciting relationships with someone from another area of the world. In this way you avoid committing yourself emotionally. If you want a more permanent or stable relationship, or if you would like to feel more secure with your loved-one, it is essential to make a deeper emotional commitment.

## Venus Square Pluto

This aspect is of medium strength and its influence will often be felt, though not acutely. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

### PROFESSIONAL - VALUES: Transformation of values

You have the ability to awaken deep sympathy in the hearts of other people, and you are probably willing to go to great lengths to be appreciated. Your attention to others can evoke a very positive atmosphere and genuine good feelings, if you learn to avoid a few simple weaknesses. You tend to go too far in pleasing others and trying to create a good impression. In this way you can monopolise some people and alienate those who are not impressed by your apparent charm. Businesswise you have a special talent for getting the most out of resources. You can see the value in items other people might throw away, and can turn waste into something valuable. Financially you must avoid the trap of getting into debt by buying prestige items. Do not throw good money after bad. Above all avoid becoming economically dependent on others - you could end up being manipulated.

### PERSONAL - VALUES: Transformation of values

Your intimate relationships are characterised by their intensity. You are simply not interested in a superficial or casual relationship. You have a tendency to invest a lot of energy into winning love and attention and this is actually a throwback to childhood experiences which equated love with survival. You will often feel that it is fate that has brought you and your partner together, and that nothing will break the bond that has been established. Unfortunately, an unconscious fear of losing love can result in many exhausting emotional scenes. Relationships can lurch from crisis to crisis. When these negative influences have been transformed you will discover a real talent for giving loving support to others.

## Saturn transiting Opposition Venus

21-11-2010 -> 08-10-2011

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

### PROFESSIONAL - VALUES: Building self-worth

Economical issues come to the fore now, and you will probably find yourself having to work long and hard,

perhaps without getting the financial rewards you would like. It pays to economise and save now, or to make very secure investments. By careful economical planning you can create the foundations for future growth, although short-term success is unlikely. Working on professional relationships may be necessary now, and you could be asked to make a long-term commitment.

It would be to your advantage to pay more attention to subtle influences on your career, such as your appearance and personal style. If you want to open doors which have been closed for you until now, learn for example the finer points of diplomacy and overcome clumsiness or shyness in dealing with people. An understanding and appreciation of taste and style can be the keys to much desired status improvements.

### PERSONAL - VALUES: Building self-worth

You can expect many challenges in your personal relationships now. How great is your commitment? Can your affections stand the test of time? No trivial relationship can survive this period, simply because you feel that you do not have the time to waste on romantic attentions that are not genuine. Those people who are in long-term relationships will go through a testing phase - the old clichés and protestations of love will not suffice any more. A recommitment may be necessary and more time should be spent together.

Love and romance do not come easily now - and indeed it is better to be alone developing inner self-worth and reliance, rather than seeking confirmation from love affairs. Assurance of love from others will definitely not be forthcoming now, so it is not worth wasting time on lukewarm relationships - you would be better off by yourself. It is a time for giving, but not for receiving. Contentment comes from an appreciation of quality, not quantity, and from what you have got, rather than what you have not got. This also applies to material things - it is better to do without, rather than long for things which in the last analysis will not truly satisfy you.

## Drives

### Mars In Pisces

#### PROFESSIONAL - DRIVES: Go for your dreams

You are motivated by creative challenges and do not feel at all comfortable in a competitive environment. You would rather leave the field to your opponent and get involved with something that interests you. As an idealist you can be inspired by social goals to be of help to other people. You

may prefer to work in a creative environment - and there may be particular gifts connected with drawing, writing, film or advertising. You are capable of working all on your own, just as long as there is meaning in your work. Work for you should be more than just a means of earning money, if you are to feel at all inspired to get out of bed in the morning. A bad atmosphere or gossip in your working environment undermines you - and you may often encounter situations where people appear to go behind your back. This is partly because you are oversensitive, and partly because you have often find fault with both your own efforts and the efforts of others. There is a talent for spiritual and intuitive matters. You work best when inspired and are rarely moved by appeals to your sense of duty, responsibility, material desires etc.

#### PERSONAL - DRIVES: Go for your dreams

You are motivated by your dreams and imagination, and whether you are active or not is totally dependent on whether you are inspired or not. You often feel misunderstood, and have difficulty understanding the motivations of others. If the world could stop, you might get off. Sometimes there is an inner despair as regards what to do with your life and which direction to go. Creativity, music, nature and spiritual matters are what motivate you most. Men with this position of Mars can be loners, and though kind and helpful towards their partner, they have difficulty being 100% involved in their partner or family. Women with this placement are attracted to the creative kind of man who gives the impression that he can fulfil her dreams. There is a tendency to feel let down by the partner, mostly because expectations are unrealistic. Both sexes have problems living up to their commitments - saying one thing yet doing another. There is a world of difference between a dreamer of dreams, and a weaver of dreams, so honesty and self-discipline are prerequisites for personal fulfilment.

#### Mars In 12th House

##### PROFESSIONAL - DRIVES: Inner struggle

It is not easy for you to feel motivated by your work, or to take your ambitions so seriously. You are not a competitive type - or at least your are half-hearted about taking up the fight, basically because you cannot see the point. You function best when you can work in your own space, without too much interference from others. You are not a team person and should find a position behind the scenes in some way. It is difficult for you to define what you really want to do. You feel most inspired when you can work for a cause - especially if you can help people in real trouble in

society. Selfless service of this nature can inspire you, and you have a special talent for helping people with mental troubles. The essential element in your professional life is to be inspired by a collective ideal.

##### PERSONAL - DRIVES: Inner struggle

Many of the troubles in your life stem from the inner world of your imagination. Worries and fears often stem from early disturbing experiences in connection with a brother or a father. Because you have a very active imagination you can have a very real sense of being threatened by shadowy forces. You have to take care not to exacerbate these feelings through drugs, pill misuse or alcohol as you are simply oversensitive to bad vibrations. For women with this influence, dealings with men have a tendency to be affected by unrealistic expectations which simply invite disappointment. In sexual matters there may be a dream of a special kind of holy union and rejection of carnal desire. Secret sexual encounters in which you hope to realise this dream lead to confusion and chaos. This influence is best utilised in the search for spiritual understanding - but even here you need to ensure that both feet are planted firmly on the ground. Hard work for the benefit of others purifies your soul.

#### Mars Opposition Neptune

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

##### PROFESSIONAL - DRIVE: Refine your desires

Learning to be motivated and being able to define what you really want to do is one of the greatest challenges for you. You have many talents, especially on the creative side, and these can express themselves in advertising and marketing, matters concerning body energies (for example healing and massage), and many other areas - including social care. Paradoxically you have high ideals, yet may get involved in ethically questionable ventures. You can be driven by a nagging dissatisfaction connected with the meaning of what you are doing, and you thrive best when you work creatively or for a cause which transcends material interests. Doing something you believe in is what motivates you. You have strong socialist impulses.

There is an extraordinarily repetitive theme about being cheated which can affect your working conditions. You will experience on occasions that people go behind your back or

over your head - seemingly without any explanation. This is connected with your perfectionism and a tendency to express dissatisfaction. People hide things from you partially to avoid experiencing your disappointment. If you analyse your own behaviour you will discover that you also have a tendency to hide things from others! By being honest and accepting apparent imperfections, you can avoid unpleasant repetition of these happenings. It is also important for you to speak your mind and take a confrontation when it arises, to clear the air.

#### PERSONAL - DRIVE: Refine your desires

There is no doubt that moral issues are a big challenge for you in your life. Early experiences may have inclined you to be wary of acting spontaneously and openly, and this can give rise to great misunderstandings and often deceit in relationships. Women with this aspect will often find themselves getting attracted to men who disappoint them, perhaps through lying or being unfaithful, or through alcohol misuse. Men have problems regulating their material and sexual appetites.

Women are attracted to creative, artistic or spiritual men, who fulfil their inner need to also develop these qualities. Whilst falling for a sensitive man however, there is paradoxically a fear of weaknesses in the male. An exaggerated focus on these supposed weaknesses and a fear of being lied to by the man actually causes the man to conceal his true desires and needs. This can result - in extreme cases - in a double life. The man with this influence cannot find satisfaction in simple material and sexual gratification, no matter how hard he tries - and he tries hard. Happiness comes when both sexes learn that satisfaction is only to be found in creative or spiritual goals - partnership will not in itself provide it. Dissatisfaction has to be seen as a divine discontent which drives the person to higher achievements.

### Jupiter transiting Conjunction Mars

10-01-2010 -> 05-02-2010

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

#### PROFESSIONAL - DRIVES: Burning enthusiasm

It is important for you to harness the energy and enthusiasm which surges through your body at this time. The competitive edge is sharpened, and you have the courage and vision to enter the rough and tumble of the marketplace and meet whatever challenge that confronts you. You can

overcome obstacles now and expand your sphere of action. This is not a time when you can be too interested in diplomatic niceties - you want to get things done, and in a hurry. There is a burning desire to achieve.

This is an excellent time for pioneering activities and expansion abroad. It is also a good time for throwing yourself into hard physical work. There is an inclination to get into confrontations now, and it is not helped by your desire to impose your beliefs and convictions on others. You may try to bully your way through. Although it is favourable to act on your convictions regarding what is right and what is wrong, it pays to gain insight first and cultivate greater tolerance.

#### PERSONAL - DRIVES: Burning enthusiasm

This is the time to be intoxicated by a new decisiveness and a willingness to invest your energy into getting what you want. There is a refinement of the sense of purpose and the meaning of taking action. This lust for life can manifest as an expanding of your horizons through travel, taking on new intellectual challenges, getting into your body through exercise and training - and sexual exploits. There is a sharp increase in erotic drives at this time, and men will become increasingly aware of a need to prove themselves and their masculinity. This can manifest as the desire to woo and win the affections and body of a suitable quarry.

Women too become increasingly aware of sexual needs and the power of attraction to the opposite sex. There is a willingness to take the initiative in these matters. However it is actually the need to be stimulated intellectually that is paramount for women as far as attractions are concerned at this time. A relationship is also seen as a means to expand personal horizons and learn more about men and life in general. Indeed this period has most significance as regards insight into the body - and this includes greater consciousness concerning health, and the muscular system, as well as personal sexuality.

there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

**PROFESSIONAL - WISDOM: Exhilaration**

This aspect can last for a number of months and have a strong collective influence. If you harness this influence in your career you will have a strong idealism both socially and as far as introducing new methods are concerned. Your provocative views will be a challenge to the establishment. You are an internationalist, and wish to concern yourself with issues that cut across national borders. This can bring travel to exotic lands and contact with exotic cultures. You can channel enormous enthusiasm about the future into your career - for you the path of liberation lies in innovation and experimentation. You would thrive in an international organisation, and as you also have strong humanitarian tendencies you may choose to work in a field which has to do with social reform or perhaps consciousness-raising.

**PERSONAL - WISDOM: Exhilaration**

You have a driving need to expand your philosophical boundaries and this can lead to unusual personal interests and provocative opinions as regards both personal and social development. You can have some form of connection to the New Age movement, and are very interested in reforms. You will almost certainly embark on dramatic long-distance travels and experience enlightenment through new contacts established thereby. In relationships you are inspired by partners and groups who can share your untraditional interests. An international group can have a radical effect on your life. You pride yourself on your open-mindedness and tolerance - yet you are intolerant of intolerance. You tend to upset groups with your radical opinions, but perhaps you could achieve your goals more effectively by understanding the traditions that lie behind established opinions.

### Jupiter transiting Opposition Jupiter

28-02-2009 -> 07-11-2009

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

**PROFESSIONAL - WISDOM: Development of insight**

As Jupiter represents areas of your life in which hopes and visions for the future are paramount, as well as the need to gain understanding and meaning, you can expect an increase of awareness and activities in these areas now. If you are motivated by the need for expansion and growth,

then you can expect advances. There is increased focus on your ability to act on moral values and pursue your convictions concerning society. This is the time to refine your judgement and manifest your capacity to guide and counsel others. If you have a tendency to overestimate yourself, indulge moral weaknesses or to make premature judgements, then you will be confronted with this side of your character now. If self-discipline and a natural carefulness is a part of your nature however, you can take advantage of opportunities to expand.

**PERSONAL - WISDOM: Development of insight**

Jupiter takes 12 years to go around the Sun, so it will return to its own position at the ages of 12, 24, 36 etc., and activate itself by major aspect every 2 years. During these phases of your life you can increase your insight and understanding, and plug in to that most essential part of your life which gives you a sense of purpose and meaning. It is at these times that you can rediscover your joy in existence and faith in the future. This in turn will enable you to be fertile and grow. However if you are the type who is over-confident or immodest, then you will learn a lesson at this time. Your hopes and visions for the future should be within the bounds of possibility, and if you do not keep in touch with the ground under your feet, you lose out in the long run.

### Jupiter transiting Conjunction 1st House

12-04-2010 -> 24-12-2010

**PROFESSIONAL - WISDOM: Gain understanding**

In some ways you have a larger than life image, with considerable intellectual charisma. Generally you will take an optimistic view of life's challenges, and seek to gain a deeper understanding of the meaning of your existence. Professionally you have the ability to motivate others through your example, especially as regards empowering others with hope and faith in what the future may bring. Other may come to you for professional advice, and your opinions will generally carry weight. Intellectual, philosophical or religious interests, coupled with a desire to expand your horizons, may play a part in your career. Important journeys can bring profound changes in your views about life, and work abroad may have appeal for you. You receive a considerable boost every 12 years of your life, as Jupiter returns to its birth position.

**PERSONAL - WISDOM: Gain understanding**

You will have considerable influence on others through your opinions. At best you can really expand the vision and

understanding of others, but at worst you can be rather intellectually dominating. You like to embrace broad views and have little time for triviality - though plenty of time for humour. You enjoy life and know when not to take things too seriously. Other people can feel small or even ignorant in your presence - make allowances for this. You have deep convictions on a religious, political or philosophical level and probably enjoy a good discussion. Generally you display a great appetite for life, are willing to take a gamble and often ride to success on your unshakeable faith in a benevolent future.

## Jupiter transiting Conjunction 12th House

27-02-2009 -> 05-11-2009

**PROFESSIONAL - WISDOM:** Spiritual ballast

As you are person with a deep faith and many spiritual and psychological resources you can be of great help to people professionally through giving assurance, advice and support. People can be helped by your faith and ability to have a positive view in a difficult situation. You can work in a large organisation, especially if connected with humanitarian ventures, or with the general well-being of the population - for example with hospitals, welfare institutions etc. You are helped in your work by a deep belief in the qualities of mercy and the importance of service to humanity. You have a keen knowledge of the levelling nature of personal misfortune and the transience of worldly benefits.

**PERSONAL - WISDOM:** Spiritual ballast

Some of the most rewarding experiences in your life come from the spiritual or creative insights that you are blessed with from time to time. For you the inner world of the imagination is richly populated with beneficent influences. It is obvious to you that faith can move mountains, and you can receive great benefits by drawing on your capacity to use this knowledge. Mobilisation of your capacity for positive thinking can bring you success, but your personal values are more spiritual than material. Perhaps you already have a strong religious faith, perhaps you are still on a spiritual journey to find meaning in life. The teachings you receive will enable you to greatly enrich the lives of others who are in spiritual distress. Care must be taken, however, to ensure that you do not foist your own opinions and convictions on others.

## Challenges

### Saturn In Aquarius

**PROFESSIONAL - SELF-RELIANCE:** Social structure

Saturn was in this sign during the years 1932-35, 1961-64 and 1991-1994, and this placement inaugurated a period of international co-operation, new alliances, and social restructuring for good or ill. There was a strong emphasis on humanitarianism, and this may be reflected in your own choice of profession. You have a talent for dealing with groups, societies or boards in which you add your voice to those of others in a democratic process of decision. Success in your career demands that you overcome anti-social tendencies or a feeling of shyness in groups, and do something constructive about the needs of your fellow citizens or colleagues. You can offer your services in situations where there is a need to create a functioning structure after radical change. You can find a niche in social services, humanitarian organs or cross-cultural exchange. You can also bridge the gap between generations in your work.

**PERSONAL - SELF-RELIANCE:** Social structure

During the time of your birth there was a strong collective spirit of internationalism, and powerful awareness of social interactions in society. You are probably more aware than most about social commitment to the group, and the responsibility which individuals must show to the whole for things to function in society. In your personal life you will focus on the energies at play in groups, and be keenly aware of your own ability to function socially. You may have to overcome a certain stiffness in relating to others. Particularly on an emotional level you can exhibit a cool distance which can make intimate friendship difficult. You are a very fair and democratically-minded person, and are strongly motivated to even out divisions in society. By overcoming your innate social inhibitions you can play an important role in the organisation of groups. You function better relating to groups than to individuals.

### Saturn In 11th House

**PROFESSIONAL - SELF-RELIANCE:** Social responsibility

Early in your professional life you will feel a certain degree of insecurity in your relations with people - particularly as regards your ability to integrate socially. Yet you will probably spend much time working with groups and later may attain a position of authority and respect in some organisation - whether business, political or social. Through overcoming your own social inhibitions and the sense of being a lone wolf, you develop a kind of responsibility and sense of duty as regards your role in society. Therefore you gravitate towards jobs which require your talent for

organising people. Though people will respect you, they will have difficulty getting close to you personally - you have developed a set of defences which protect you from getting too personally involved.

**PERSONAL - SELF-RELIANCE:** Social responsibility

One of the major challenges for you in your life is learning to relax together with your friends. Early experiences at school will have isolated you socially, and the pain of being out in the cold will have made you careful in your choice of friends. You prefer companions you feel totally secure with and have known for a long time, and though you may have many acquaintances you have no time for friendships which are not deep-felt. Around the age of thirty major turning points can arise - perhaps at this time you get involved with a group which comes to mean a lot for you. You derive great benefit from overcoming shyness and integrating yourself with purposeful groups which may be concerned with social issues or consciousness development. You regain the social self-esteem you lost as a child through winning respect for the unselfish work you do for others later.

### Saturn Sextile N.Node

This aspect is of medium strength and its influence will often be felt, though not acutely. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

**PROFESSIONAL - DESTINY:** Old karma

You have an aura of authority in the circles you frequent, and you have the ability to influence the groups and organisations to which you belong, because of your sober and realistic attitude. You feel a kind of responsibility for the society you live in, even though it may not treat you well. Despite the fact that you feel uncomfortable in larger groups you can still effect lasting changes in the structure of society. You are ambitious enough to be the person through which structural forces in society are channelled. You know what you want and have surprising willpower, but you feel the hand of fate behind every step you take.

**PERSONAL - DESTINY:** Old karma

The course of your life is arduous and full of trials. You are shadowed by the hand of some authority wherever you go, and later you discover that this authority is a part of your own character. You are moved to build something great, but are fated to see great things dissolved by the passage of time. People will instinctively defer to you socially, but the mantle of loneliness rests on your shoulders. When making

decisions you rarely choose the easy option - knowing that time is of the essence, you pursue each issue in life with painstaking thoroughness.

### Jupiter transiting Conjunction Saturn

01-01-2009 -> 19-01-2009

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

**PROFESSIONAL - SELF-RELIANCE:** Expanding the framework

It is at this time of your professional life that the urge for growth and expansion confronts the forces of inertia in your career, or in society. You get to appreciate the power the establishment has over your life at this time. You are challenged to examine how you limit yourself and your future through restrictive systems or a lack of vision and faith in your abilities. If you can find the balance between learning from past experience yet allowing a future vision to inspire you, you may expect solid and steady growth at this time. It is important to expand within a certain framework and to accept the limitations imposed by professional authorities. If you do this you will be an important cog in the development of your company, or culturally in society.

**PERSONAL - SELF-RELIANCE:** Expanding the framework

At this time of your life you have the opportunity to loosen some of the bonds that restrict you, and lighten the load which weighs you down. This is the time that you have to adjust the awareness of what is necessary by becoming aware of the art of the possible. Restricting life patterns can be replaced or adjusted by exploring new avenues for the future. Inasmuch as you are hampered by a sense of insufficiency or inferiority as regards your abilities, you can gain renewed confidence and faith in yourself now by defining future goals and working hard to achieve them. You can build a lasting niche for yourself in society at this time by laying new foundations for the future.

## Originality

### Uranus In Aries

### Uranus In 1st House

**PROFESSIONAL - ORIGINALITY:** Be unique

You have many unusual and original character traits, and you take pride the elements of your life which are unique. You have a provocative style and a desire to bring renewal

in your personal environment. Professionally you are not suited to a job which cramps your style, and you may prefer to strike out on your own. You have inventive talents, global interests and a need for unpredictability in your day-to-day life. There may be talent for untraditional or futuristic interests. There may be technical talents or be interest in New Age matters - but whatever you do you need to feel that you have a special role, perhaps a little bit on the periphery of society. Sudden and radical changes in your professional direction are to be expected. The lure of exotic climes may bring travel.

**PERSONAL - ORIGINALITY: Be unique**

You were probably born under unusual circumstances which in some way created an outsider mentality in you. You have not taken kindly to parental influence, preferring to make your own rules as you go along. You tend to prove your point by doing the opposite of what is expected of you. You have a slightly disturbing influence on others, as you like to provoke changes in your environment. The more extreme your life-style and opinions, however, the more you are likely to feel alienated. You walk the delicate tightrope between creating much-needed renewal or just upsetting others. Nevertheless you can be well-liked, and probably enjoy a wide spectrum of friends. As you do not believe in favouritism in any shape or form, you can attract very unusual people into your sphere of influence. In partnership matters you insist on personal freedom.

### Uranus Square Pluto

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

**PROFESSIONAL - ORIGINALITY: Total revolution**

This influence last over a period of years and affects whole generations. It is connected with social and technological renewal which transforms world consciousness. If this influence is made personal in your life by aspects to personal planets in your horoscope, you will meet it in the outer world in the form of revolutionary groups or outsiders, or through dealing with the technology of radical change. You may also have a talent for creating revolutionary change in large organisations. There can be a particular talent for working with computers or in organisation where automation is an issue. Or you may play a social role dealing with the personal upheavals that the electronification of society causes. Sudden and extreme employment

change may arise as you get swept up in vast collective trends.

**PERSONAL - ORIGINALITY: Total revolution**

On a personal level you may experience periodic traumatic upheaval and this can lead to a transformation of personal consciousness. In the face of this energy the human mind is often gripped by powerful obsessions - this was for example witnessed on a collective level in Germany when Hitler came to power in 1933. (Uranus square Pluto). You will almost certainly encounter someone in your circle during your life, whose obsessions wield a fascination over you, or evoke horror. If this influence manifests on an intimate level you have to be aware of a tendency to evoke anxiety in your partner through an extreme unpredictability or self-destructiveness. By avoiding extremism and concentrating on personal growth you can mitigate tensions that may arise.

## Transcendence

### Neptune In Virgo Retrograde

Please read page 2 : Neptune In Virgo

### Neptune In 6th House

Please read page 2 : Neptune In 6th House

### Jupiter transiting Opposition Neptune

03-02-2010 -> 28-02-2010

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

**PROFESSIONAL - TRANSCENDENCE: Balloons and bubbles**

You will experience a tremendous stimulation of your imagination at this time, and this can be used to advantage if you can harness your fantasy to some creative work, especially in connection with music, imagery and the arts. If being realistic is an integral part of your career, take care. Your idealism and dreams peak at this time, and this can seriously affect your judgement. Your imagination can be gripped by great hopes, and you have a tendency to attach your hopes to a bubble which expands and expands until it bursts. Inspiration is OK, but make sure that you do not get carried away into a world of dreams. Listen to the voice of reason, and work in stages with verifiable goals.

**PERSONAL - TRANSCENDENCE: Balloons and bubbles**

If you are a dreamer, this is the time when your dreams take wing and carry you into surreal landscapes. If you do not want your hopes to be dashed, you must be aware of your limits and let yourself be guided by common sense. Great hopes will often turn out to be illusory, so don't let your imagination get out of control. However this is an excellent time for developing your imagination and your visualisation power. If you choose you can enrich your life with great spiritual insight, and gain a subtle knowledge about the nature of reality and the illusion of identity.

## Transformation

### Pluto In Cancer Retrograde

Because this planet was retrograde when you were born, you have a special personal lesson to learn in the matters described. Experiences will be evaluated more on an inner than outer level.

### Pluto In 5th House

**PROFESSIONAL - TRANSFORMATION:** Transforming self-expression

You can make a powerful impression on others, and this can be both a blessing and a curse in professional matters. You may be too concerned with power and impact on others, and this can prevent you from gauging their reactions. Your anxiety concerning the way you present yourself can obscure the actual goal you are trying to achieve. Rest assured people are impressed, and relax - otherwise you will exhaust others with your presence. You have enormous resources when dealing with children, especially those with psychological problems. On the outside nothing appears to faze you; on an inner level you exert superhuman self-control. You are inscrutable and may have a future in playing poker.

**PERSONAL - TRANSFORMATION:** Transforming self-expression

A trauma from early childhood often makes you overcompensate when you express yourself - you can be overly-forceful. In love a desperate need to be respected as an individual drives you into intense affairs which often turn out to be traumatic - perhaps because you demand the impossible instead of relaxing and giving love. You may put yourself in a position where you end up humiliated, or conversely where you have all the power. A deeper self-knowledge and psychological insight helps you avoid exhausting experiences in this area. Having children tends to awaken anxiety in you - for example a completely

unfounded fear of accidents etc. You have to learn to trust in the universe as regards the fate of your children, otherwise you could exhaust yourself fighting shadows. You may find yourself in a relationship in which you have to be a parent of a child who is not yours biologically. Although this can be an alienating process, this kind of parental role may mirror how you felt as a child, and as such can have a healing influence.

## Destiny

### N.Node In Pisces, S.Node In Virgo

**PROFESSIONAL - DESTINY:** Rewards in heaven

During the first part of your professional career you work hard and efficiently and you exhibit a rather obsessive perfectionism which may prevent you from realising your full potential. There is a tendency to get snowed under with work, and the older you get the more monotonous work tends to be. There is a gnawing doubt about the value of the work you do, and it becomes essential for you to gain a greater perspective and define what your life's work should be. Having a sense of meaning in your life becomes more important than drudging on day after day. This can inspire you to work more creatively and become more flexible in your working attitudes, even though you risk losing the security of regular and guaranteed work. Changing your working style can be important for your health.

**PERSONAL - DESTINY:** Rewards in heaven

During the course of your life there will be a transition in your values as regards the meaning of your existence. An early tendency to structure your life through work, planning and order has the effect of making everyday life mechanical and meaningless. Your work - which tends to dominate your waking hours - brings less and less satisfaction, and an existential crisis or spiritual experience will lead to a reevaluation of how you can best use your time. There will be a reorientation from a planned existence to one in which you are more open and flexible. Spiritual, artistic or creative interests are given priority, and this gives you a new sense of meaning. This transition process may involve a sacrifice of some sort, and this sacrifice brings a refinement of the soul.

### N.Node In 1st House, S.Node In 7th House

**PROFESSIONAL - DESTINY:** Regain personal initiative

Finding the balance between whether to invest your energy in your relationships rather than personal development is a major life-theme for you. On a professional level this theme

may express itself in the fate of important partnerships, where overdependence, and a tendency to compromise concerning your personal convictions, can lead to failure. Success may well depend on you having the courage to go it alone, although you may be well into your thirties before you learn this. You will learn that it is no use for you to play second fiddle, because this tends to paralyse your autonomy. You cannot let your professional fate rest in the hands of others, and this requires shouldering a leadership role or being independent.

**PERSONAL - DESTINY:** Regain personal initiative

You have a tendency to involve yourself at an early age in a fairly long-term intimate relationship. Whilst this at first offers you considerable security, later on the loss of personal freedom tends to grate. You will find that the more you give, the more you are taken advantage of. A turning point comes - particularly at the age of 37 - when you find you no longer can accept living on another person's terms. Happiness comes when you direct your attention to fulfilling truly personal needs, even at the risk of being thought selfish. By concentrating on self-development you achieve an inner balance which makes relationships more successful, and you break with inherited and old-fashioned attitudes about partnership.

## Jupiter transiting Conjunction N.Node

04-05-2010 -> 22-01-2011

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

**PROFESSIONAL - DESTINY:** Understanding karma

You can expect an expanded circle of contacts at this time, with a special emphasis on people who are seeking influence on a large scale in society. Opinion-makers, advisers and foreigners can bring a new perspective in connection with future planning. You may feel that your destiny is interwoven with some larger plan. Greater awareness of the direction you wish your life to take can mean making a few adjustments. Do not let inflated ideas about your destiny or personal importance lead you astray.

**PERSONAL - DESTINY:** Understanding karma

This is a time when meetings have particular significance in terms of karma and your growth as an individual soul. You may have a powerful experience connected with some group activity now and gain greater insight into your soul and your fate as a human being. There is also a strong tendency to be drawn into a web of spiritual illusions -

though you will surely also have rewarding experiences. You are drawn to partners who have a deep significance for you now, for good or ill.

## Saturn transiting Opposition N.Node

13-09-2009 -> 25-07-2010

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

**PROFESSIONAL - DESTINY:** Group responsibilities

This period is characterised by a professional commitment with a group and the responsibilities that this commitment involves. The interests of the collective may turn out to be more relevant for your career development than your own ambitions or desire for status. Older people in authority may impose limitations on your development, and you can experience a compelling need for greater self-discipline to deal with the demands made on you. The decisions made now can have an important formative effect on your destiny. Benefit comes through subordinating ego needs for the good of others, and accepting the hand of fate, as it moves in your career.

**PERSONAL - DESTINY:** Group responsibilities

This is a time when time will stand still for a while, so that you can take stock of your ambitions and goals in life and see where they have led you. It is a fateful period in which your responsibilities to others and your role in society can become very important. Some people feel that their life direction leads to a blind alley in these months, or that plans for the future are futile and empty. There is benefit to be attained through inner spiritual discipline, as the hunger felt at this time can not be satiated by outer success.

## Uranus transiting Conjunction N.Node

13-04-2009 -> 12-03-2011

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

**PROFESSIONAL - DESTINY:** Group inspiration

This influence can see you getting involved with unconventional groups in your professional life in a process of inspiration and renewal. At the same time you may also find yourself suddenly cutting bonds to groups, associations and organisations which have meant a lot to you in the past. It is wise at this time to consider the direction your career is going from the point of view of long-term perspectives. Are

you satisfied that you are spending your time fulfilling your personal mission in life? If not, you can radically readjust your direction now. It is a good idea to encourage greater humanitarian commitment, international travel and interests abroad, and new associations with groups working for renewal in society.

PERSONAL - DESTINY: Group inspiration

You can achieve a greater insight into the meaning and direction of your unfolding as an individual now. By withdrawing from friendships and associations whose meaning for you is over, and by striking out in your own individual direction, you can get in contact with a feeling of exhilaration concerning your unique destiny. You do however have to avoid extremism now, and if you take too pronounced an outsider position, you risk being alienated. You can be a force for renewal and rejuvenation amongst groups and in society at this time.

This aspect occurs when planets are a third of the circle away and normally in the same element. This shows the harmonic confluence of needs, bringing happiness and harmony.

### The Sextile

(60 degrees... orb 4 degrees)

Key word: Creativity

If the circle is divided by a six-pointed star, the sextile would take place on two of the points next to each other. There is both dynamism and pleasure connected with this aspect.
